

Installation Guide

crowdDJ Kiosk

GET THE MOST OUT OF YOUR KIOSK

Placement of the crowdDJ® Kiosk is crucial to guest engagement and increased song selections. Here are some suggestions to help make the most of your Kiosk:

TIPS FOR CHOOSING A LOCATION

1. Is the Kiosk near to and visible from the high traffic areas of the venue?
2. Is the Kiosk visible from the entrance of the venue?
3. Is the area well lit? Dedicated lighting for the Kiosk is even better.
4. Are there nearby power points and data outlets for cabling?
5. Can you hear the music clearly where the Kiosk is?
6. Is there enough space on each side of the Kiosk for access and visibility?
7. Are there nearby TV screens to promote the kiosk?

RECOMMENDED LOCATIONS

- › Near queue points or main counters.
- › On pillars (ensure people won't bump into the Kiosk as they walk past).
- › In pool table areas.
- › Outside retail changing rooms.
- › Near TV's (with music videos and crowdDJ® promotions playing on them).

Install your Kiosk in a high traffic area to maximise its use.

EQUIPMENT LIST

- A. 22" Kiosk - 330mm(w) x 530mm(h) x 50mm(d)
- B. Wall bracket - 170mm(w) x 203mm(h) x 50mm(d)
- C. Kiosk bracket - 160mm(w) x 200mm(h) x 45mm(d)
- D. 4 x Phillips head screw (M4x10) + Washers
- E. Power supply
- F. Ethernet cable (WiFi option available).
- G. Kiosk cable cover

MOUNTING THE KIOSK

Follow these steps to ensure your Kiosk is attached and mounted correctly.

NEED ASSISTANCE?
